 Topic/theme

Explain :
UPF - ultra processed food ~~and~~
is big problem
mostly fast-food chains have UPF because
it is cheaper and more simple.
We want to empower local farmers
in regions near big towns (cities)
to make a fresh chain for set up fresh bistro
in the city or fresh food delivery
Role for LAGs is to facilitate, empower them
help them with financing

LINK RURAL-URB.

explain:

- ENERGY COMMUNITIES ENERGY
we are establishing a community
we are thinking about local ENERGY NETWORK
- LINK RURAL ↔ URBAN
we are near Prague - big city
and facing problems in this area
- SMART VILLAGES - we have in our region SCIENCE CENTRES, we need to find real SMART solutions for our villages
