About us

Local Action Group Třeboňsko has been helping the development of our region since 2004. Number of towns and villages: 61. Area: 1032.6 km². The territory of the LAG is a predominantly rural area with predominant activities in agriculture, forestry and fishing. There are a considerable number of historical and cultural monuments. The whole area around Třeboň is connected with a long tradition of building ponds for breeding freshwater fish. Other economic activities include gravel, peat, glass and brewing industries. The spa industry has the strongest economic potential in Třeboň. Region is also affected by NATURA 2000.
