

LEADER OOST-GRONINGEN

A region with opportunities!

Oost-Groningen is the region located in the upper northeast corner of The Netherlands, next to the German border. It is a region where farming and nature dominate the flat landscape. A diverse landscape, however, from very wide areas with distant views to a landscape with forests and a stream valley. Oost-Groningen has a long history with LEADER with almost 30 years of diverse projects and (transnational) cooperation.

Themes

In the current programming period (2023-2027) the strategy in Oost-Groningen is focused on 3 main themes. The most important theme is **economy**. Targeted areas are small business development, farming and tourism. The second is **cohesion and health**, merely focused on sports and healthy food. This theme also includes the enforcement of cultural heritage and public places. The third theme is a result of national policy and is targeted on **climate, landscape, biodiversity and energy reduction**. Transnational cooperation is the 4th, overall theme which has a high value. The region Oost-Groningen is trying to keep up with demographic changes and wants to remain a lively region with employment, facilities and to be a pleasant place to live.
