Are you looking for : Project x Partners Topic/theme

Explain: We plan a cooperation on the topic civil resilience and would like to exchange experiences and knowledge with others both with non profit org. and between municipalities. On a local level the plan is to increase knowledge and awareness generally and on the professional level visit and learn from other countries; how you work, partners, awareness etc. Food and water will be a topic as well as other activities helping out in case of a crisis. Smaller plans for villages to help organizing in case of crisis etc.
